Janet,

As you know, Title II of the ADA protects qualified individuals with disabilities from discrimination on the basis of disability in the services, programs, or activities of state and local government. All Title II governmental agencies or entities are required to post notice informing the public of its ADA responsibilities. "A public entity shall make available to applicants, participants, beneficiaries, and other interested persons information regarding the provision of this part and its applicability to the services, programs, or activities of the public entity..." *28 CFR Section 35.106.*

Title II of the ADA also requires a public entity to adopt and publish a complaint process providing for prompt and equitable resolution of complaints alleging any action that would be prohibited by Title II of the ADA.

Please review the attached notices and let me know if Law requires any changes. In compliance with ADA, they should be posted on the City Website as soon as possible. Once finalized, I'll review them with Eric so he can present them to Senior Cabinet for approval.

Thank you.

*Vickie*
